Level(s)	CLB 4
Description of learner task	Read and follow instructions on how to install an app on the phone.
Information for the teacher	<p>Task conditions: Each student must have their own phone.</p> <p>Reminder: Teach the skills prior to this assessment.</p> <p>Assessing the digital skills: A content-based answer key does not need to be created because the focus is on digital skills. What is important is <u>how students get to</u> the information, not the information itself. Have your students use the Self-Assessment Checklist to check their digital skills.</p> <p>When the students finish the task, check that they were able to download the app on their phones. Help them to delete the app if necessary.</p> <p>Language skills: You are not assessing language skills. If the students do not remember vocabulary in the task instructions or the digital skills checklist, explain it to them again.</p>
Instructions for the task	<ul style="list-style-type: none"> • Show the Self-Assessment Checklist to students before doing the task. • Remind the students that the purpose of the task is to check their digital skills. The purpose is <u>not</u> to check their answers nor their language skills.
